Family Information Guide 2019

Hello!

The art of photography is much more than just producing pictures on paper. It's about capturing the spirit and love of your family for you to reflect on in the years to come. In our busy lives it is so important to take some time every now and then to capture the unique milestones in life - even when it might feel mundane.

One of the most rewarding aspects of my job is getting to know you and your family. Then I can create portraits that reflect your family's unique character.

My style can be described as lifestyle inspired. I love to get a mix of candid and posed images. One thing I will never do is make you tilt your head a certain way, or tweak you like a mannequin. I am constantly inspired by toddlers and the amazing things they are drawn to do.

Investment

Sessions take place at a location of your choice. This can be in your home, a park nearby, or any place you'd love to capture memories of your family.

Included in all sessions is a client questionnaire. This allows me to get to know you and your family better, and it ensures that we capture the images that will make your heart sing for years to come.

You'll receive a gallery of 30+ fully edited high resolution images that you can download and use however you'd like.

I believe your photos should be held not just looked at on a screen. That's why your session also includes 2 prints of your choice 8x10 or smaller.

A family portrait of a smiling couple, a baby, and a dog sitting on a tree stump in a wooded area. The woman is on the left, wearing a blue long-sleeved shirt, a white scarf, and brown boots. The man is on the right, wearing a blue and white checkered shirt and blue jeans. The baby is sitting between them, wearing a colorful striped sweater and a blue hat. The dog is sitting in front of them, wearing a pink bandana.

FAQs

How do we book our session? Send me an email (kimberly@ksienk.com), and we can decide on a date that works best for you. Keep in mind that the busiest time of year is September-November, so email early to get a date that works for you.

Do we need to purchase a photo package? No. But I believe that photos hold so much more meaning when you can hold them in a physical form than looking at them on a screen.

How long does it take to see our photos? Your online gallery will be available two weeks after your session. From there you can download all the images.

How should we prepare for the session? Choose a location for you and fill out the questionnaire. Then prepare to have fun and be yourself at the shoot!

A close-up photograph of a person's hands tying a red sneaker with white laces. The person is wearing a dark long-sleeved shirt and a ring on their left hand. In the background, a child wearing a blue patterned shirt is sitting on a patterned couch. Another red sneaker is visible on the couch to the left.
